

” New Health Partnership Marked By Important UK Seminar Tour ”

Trevor Pile, managing partner of ARC Healthcare Management (www.arc-healthcare.com), is delighted to announce a new partnership with Continence UK (CUK) (www.continence-uk.com).

The partnership is marked by an important new series of [continence seminars](#) taking place throughout the UK.

The seminars will be held in strategic regions in order to open up “debate focused on specific local need and the provision of continence care for the future”.

“It is a focus on quality that will make services more efficient, it is a focus on quality that will drive and inspire people to think of new ways to provide care through innovation” Rt. Hon. Andy Burnham.

Ann Winder, Director of ARC, says ” At present many services are being radically reduced, therefore 2010 offers challenges to all managers and clinicians spanning primary, secondary and social care to deliver quality, productive continence services in an innovative way ”

This exciting new approach from ARC Healthcare and Continence UK will offer delegates opportunities to hear from regional speakers as well as offering a unique platform for networking and discussion. Delegates will get the chance to meet and talk with industry representatives who are critical to the management of continence in the UK.

Continence is an issue integral to all healthcare services. The condition spans childhood to old age and will affect most people at some stage of their life. The problem is not only embarrassing and distressing for the sufferer but proves to be surprisingly costly in financial terms for the healthcare economy.

The inaugural seminar will take place at Shuttleworth College, Bedfordshire on 28th April 2010 – East of England Health Region. 200 places will be available to delegates and will be allocated on a first come first served basis. To reserve a place, please visit www.arc-healthcare.com and complete the online booking form or contact the office on +44 (0) 1767 651891 or Sales@arc-healthcare.com.

Future Seminars dates :- 17th May 2010 – Ashton Manor Bristol – West Healthcare Region.

14th June 2010 – Thestudio – Birmingham – West Midlands Healthcare Region

More seminars dates will be announced soon. Keep up to date on our website:
